This is to acknowledge a great favour received by both of us through the intercession of Fr. Dunstan on the day of Denny's grandfather's demise(6/7/2022). Denny, my student in Computer Science complimentary doing fifth semester in B.Sc. Computer Science was having 4th semester examinations on 7th July at 1.30 pm. As his father Mr. Davis A. J. was working in Muscat and none at home to prepare for the funeral rituals, which was scheduled on the following day after the examination, Denny had to do all the arrangements during the night. He was emotionally attached to his grandfather as he took care of him during his final days (fully bedridden), while pursuing his studies in the college. By 8.00 pm, as it was requested by his aunt, Sr. Jasmine CMC, to make some arrangement to facilitate writing his examination, and to help him to leave the examination hall a few minutes before the close of the examination so as to participate in the funeral services, as it was scheduled at 4 pm at Pavaratty Church on 7/7/2022. I sought the permission of the exam superintendent Dr Anto P V for the same, and he told, could be done only if the CE and the Principal permit for it, giving the question paper ahead of time. I forwarded the matter to the Vice Principal and Denny's class tutor. The answer came by 9.20 pm, but to everyone's dismay, the boy's request was not granted. Knowing that there is nothing more to do, and praying suddenly to Fr. Dunstan as the boy hailed from Pavaratty, I asked him to send his Hall Ticket and a request letter to the Principal, directly to me in whatsapp. With the sole faith that Fr. Dunstan will do a miracle, then itself, I told Denny to reach the college by 12.30 pm to begin his exam. The night went with faith and prayers. Early morning, I took leave, went to Denny's home and prayed for his grandfather. The previous day, by 11 pm, I had sent the letter to the Principal and CE with the required documents, requesting permission to anticipate the time of examination by a few minutes so that Denny could complete the exam and reach the funeral venue. In the morning on 7/7/2022, I personally telephoned the CE for a favourable response and the CE told the he will discuss it with the Principal and inform. By 11 am, I got the call from Dr Anto P. V. to ask Denny to come to special room to write the examination, ahead of time. At the same time, Denny blindly following my instruction, had started early from his home and reached college by 12 noon itself. As permission was granted to write the examination early,

in a special room, Denny could write the examination for two hours; hence, he could complete the exam, and leave the hall earlier, and could pay last tributes to his beloved grandfather. We thankfully acknowledge the heavenly intercession of Fr. Dunstan, and the special favour granted to Denny to write the examination and participate in the funeral of his grandfather. Thank you, Dunstanachan!

With great honour,
